

Agreement providing for extension of the cooperative program, as modified and extended. Effected by exchange of notes signed at Lima June 28, 1948 and May 22, 1950; entered into force June 30, 1948.

The American Chargé D'Affaires ad interim to the Peruvian Minister for Foreign Affairs.

AMERICAN EMBASSY
Lima, Perú, June 28, 1948.

N° 1024

Excellency:

I have the honor to refer to the Basic Agreement between the Government of Peru and the Institute of Inter-American Affairs, arising out of an exchange of notes between His Excellency David Dasso, Minister of Finance and Commerce of Peru and His Excellency Sumner Welles, Under Secretary of State, the United States of America in May, 1942, as later modified and extended, which provided for the initiation and execution of the existing health and sanitation program in Peru. I also refer to Your Excellency's note of June 26, 1948 suggesting the ~~XXXXXXXXXX~~ consideration by our respective Governments of a further extension of that Agreement.

As Your Excellency knows, the mentioned Basic Agreement, as amended, provides that the health and sanitation program will terminate on June 30, 1948. However, considering the mutual benefits which both governments are deriving from the program, my government agrees with the government of Peru that an extension of such program would be desirable. I have been advised by the Department of State in Washington that arrangements may now be made for the Institute to continue its participation in the cooperative program for a period of one year from June 30, 1948, through June 30, 1949. It would be understood that, during such period of extension, the Institute would make a contribution of \$ 75,000 U.S. Currency to the Servicio Cooperativo Inter-Americano de Salud Publica for use in carrying out project activities of the program on condition that your government would contribute to the servicio for the same purpose the sum of S/. 3,891,000.00. The Institute would also be willing during the same extension period to make available funds to be retained by the Institute, and not deposited to the account of the servicio, for payment of salaries and other expenses of the members of the Institute. Health and Sanitation Division Field Staff, who are maintained by the Institute in Peru. The amounts referred to would be in addition to the sums already required under the present Basic Agreement to be contributed and made available by the parties in furtherance of the program.

The Government of the United States of America will consider the present note and your reply note concurring therein as ~~XXXXXXXXXX~~ constituting an agreement between our two governments, which shall come into force on the date of signature of an agreement by the Minister of Public Health and Social Welfare and by a representative of the Institute of Inter-American Affairs embodying the above-mentioned technical details.

If Your Excellency agrees that the proposed extension on the above basis is acceptable to your government, I would appreciate

receiving an expression of Your Excellency's opinion and agreement thereto as soon as may be possible in order that the technical details of the extension may be worked out by officials of the Ministry of Health and Sanitation and the Institute of Inter-American Affairs.

I avail myself of this opportunity to renew Your Excellency the assurances of my highest and most distinguished consideration.
